Verestro's products for various regions

Our **mission** at **Verestro** is to provide cutting-edge fintech technologies and make them affordable to everyone. We work with banks, fintech providers, payment schemes, payment gateways, merchants, corporations and small businesses and develop a **BAAS** / **FAAS** platform. However, as "**payments**" is a regulated business, we are not able to provide all our services globally at the moment. Below we describe key products we distribute in particular regions.

- **The European Union**
  - Key customers: banks, fintech, payment providers, merchants, businesses, insurances, lendtech etc.
  - Key products: all products described in our **Developer Zone**, including technology and regulated payments solutions.
  - Taking into account market dynamics, our **key focus** is on:
    - Card Issuing
    - Online Payments
    - Tokenization & NFC
    - Business Control
    - Card Benefits
    - Smart City Apps

- **North & South America**
  - Key customers: banks, processors, payment schemes, fintech.
  - Key products: we are focused on selling technology platforms because we do not have a payment license at the moment; we do work with various partners like Paymentology or Girasol to provide end-to-end payment solutions; we can offer payment accounts and cards in Europe if customer has office in Europe.
  - Taking into account market dynamics, our **key focus** is on:
    - White Label Apps
    - Tokenization & NFC
    - Business Control
    - Money Transfers
    - Card Benefits
    - Smart City Apps

- **East Asia incl. India**
  - Key customers: banks, processors, payment schemes, fintech.
  - Key products: focus on technology products around tokenization and money transfers; we can offer payment accounts and cards in Europe if customer has an office in Europe.
  - Taking into account market dynamics, our **key focus** is on:
    - Tokenization & NFC
    - Business Control
    - Money Transfers
    - Card Benefits
